

Land Grant Endowment Funds  
Notes to the Financial Schedules  
June 30, 2010

By Acts of Congress in 1915 and 1929, approximately 10,000 acres of land were transferred to the territory of Alaska to be held in trust for the university. The grant lands were subsequently transferred to the state of Alaska and eventually to the Board of Regents to be held in trust for the university. Currently, approximately 82,243 acres of these lands are held at no basis because fair value at the date of transfer was not determinable. In 1982 and 1988, the university was allowed to select certain state lands including timber and other rights as replacement for lands disposed of by the territory and the state. These replacement lands and property interests were recorded at their fair value as of the date of transfer.

Land Grant Trust Fund

The Land Grant Trust Fund as reported in these schedules represents the original land grant, the invested proceeds from the sale and/or development of these resources and the appreciation in value of the invested funds. The endowment is managed on a total return basis. Receivables of approximately \$4.0 million are primarily from sales of trust land. Investments of approximately \$98.8 million are held in a consolidated endowment fund under the direction of the University of Alaska Foundation. The consolidated investment fund is managed by the Foundation's investment committee and treasurer in accordance with an investment policy approved by the Board of Regents. Cash balances are invested in pooled investment funds. Real property of approximately \$31.6 million is comprised primarily of replacement and property interests and does not include the value of the university's original entitlement land. Security deposits totaling \$0.6 million are held for security or performance on contracts and other leases. Net position includes \$3.0 million of accumulated net earnings.

The annual spending allowance is based on four and one-half percent of a five-year moving average of the December 31 market value of the investable resources of the Land Grant and Inflation Proofing funds. The annual spending allowance is limited to the unexpended accumulated earnings of the endowments as of the preceding December 31. The spending allowance requirement for fiscal year 2010 was \$5,641,292. To meet the spending allowance, \$3,286,456 and \$459,261, were transferred from the Land Grant and Inflation Proofing funds, respectively.
